Pupils make an outstanding contribution to the Catholic life of the school. The very tangible Catholic ethos enables them to participate in shaping activities with a religious character both in the school and their wider community. Pupils are increasingly able to take on responsibility for themselves and others. They take full advantage of the many and varied opportunities the school provides for their personal support and spiritual development. The pupils from foundation stage (FS) onwards are enquiring, imaginative, intuitive and have a strong sense of their own identity within their school community. Pupils can discuss their own faith and spirituality with confidence. They know other members of their 'family community' have different beliefs and have a thirst to understand these faiths alongside their own. They are able to refer to the teachings of Jesus when talking about how to treat others and how to behave. Pupils are conscious of the needs of others and have a developing sense of justice and concern for others evidenced through the varied events to raise funds for local and global charities.

Pupil's response to and participation in the school's collective worship is outstanding. The pupils are at ease in their worship and in times of reflection and prayer. Acts of worship engage pupils and inspire them to respond thoughtfully, reverently and respectfully. Pupils regularly prepare and lead worship, evidenced by the quality of the liturgy observed during the inspection which was prepared and led with confidence by year five (YR5) pupils. The pupils in school sing joyfully and express their thoughts and feelings openly when worshipping within their community. The quality of collective worship has a very positive impact on pupils' spiritual and moral development and has been commented upon very favourably by parents, governors and parish priest.

PROVISION

1

How effective the provision is in promoting Catholic education

A range of teaching styles, good questioning techniques, clear explanations, well-paced lessons and good use of ICT ensure that all pupils are consistently interested in their learning and make excellent progress. Effectively planned lessons build on prior learning and meet the needs of all pupils. Teachers have good subject knowledge which inspires and promotes confident learners. They have high expectations, setting out to make learning interesting and challenging which impacts positively on pupil enjoyment, engagement and motivation. The support staff throughout the school are very effectively deployed. The school receives very good support from their chaplain on a very regular basis.

Assessment and monitoring procedures are good and give a clear and accurate picture of pupil progress and attainment. Leaders and teachers use this information to good effect, ensuring continuous improvement. Tracking systems for RE have been successfully incorporated into the whole school assessment system which enables the school to focus on ensuring that different groups of pupils achieve equally well. This information is being used effectively by teachers in setting targets for improvement. All have a growing understanding of how to get the pupils where they want them to be. Good guidance ensures that pupils know how well they are doing but the school recognises that pupils' skills in self-assessment need to be developed further enabling them to become more responsible for their own learning. Pupils are provided with feedback, both orally and written, and the quality of marking to move pupils on in their learning is developing throughout the school.

The RE curriculum is adapted to meet the needs of all pupils. It is enriched through a variety of imaginative and well planned strategies and relevant resources which engage and motivate the pupils. Planning ensures full coverage of the curriculum and identifies pupils' prior learning. The RE curriculum provides good opportunities for and impacts positively on pupils' spiritual and moral development. The curriculum meets the requirements of the Bishops' Conference well.

The quality of collective worship provided by the school is outstanding and ensures that the spiritual needs of all pupils are met. Prayer is central to the life of the school, is fully inclusive, reflective and well planned enabling pupils to take an active part. Pupils confidently plan, prepare and lead acts of collective worship. There is a range of formal and informal opportunities for prayer, reflection and liturgy and pupils confidently share different forms of prayer in class, school liturgies and school masses. They are very public demonstrations of the ethos of the school. Acts of collective worship have a positive impact on pupils, parents and parishioners. School masses are well attended by the school and parish community. Parish masses are very well attended on Sunday by the school community.

LEADERS AND MANAGERS

1

How effective leaders and managers are in developing the Catholic life of the School

The school's leadership and management promote the Catholic life of the school very well. The Catholic mission of the school is at the heart of all school life and pupils' spiritual and moral development is central to the school's vision. The deep commitment, drive and energy of the headteacher, is an inspiration to the whole school community. Self-evaluation at all levels within the school is a coherent reflection of rigorous monitoring, thorough analysis and self-challenge. This results in targeted and coherent planning and actions to ensure continuous improvement in all aspects of the Catholic life of the school. High quality induction and staff training have ensured an awareness, understanding and commitment to the very strong Catholic ethos. Parents commented very positively on the whole school family atmosphere that permeates their community.

The monitoring and evaluation of the provision for RE, is outstanding. The co-ordinator for RE has effectively ensured that monitoring, assessment and tracking systems are in place to impact positively on pupils' learning, progress and standards. They accurately inform areas of strength and areas for further development and contribute to the outstanding capacity for improvement. The newly appointed co-ordinator has high expectations, keeps staff well informed and is very supportive. Detailed and well-targeted plans are in place and strategies for improvement are implemented very effectively, resulting in outstanding outcomes for all pupils.

Governors provide effective challenge and support regarding the Catholic life of the school. They are very well informed on issues relating to RE and the Catholic life of the school, understand very well the school's performance in RE and know what needs to be done to ensure continuous improvement of standards. Governors are visible in and around school on a regular basis and are an integral part of this community. Consequently there is a good understanding of the school's strengths and areas for development and they put the well-being and development of the whole child at the centre of their work. Governors discharge their statutory and canonical duties well and are very supportive of leaders and staff.

Leaders and managers are very successful at developing partnerships with other providers and organisations. The school engages in an excellent range of partnership activities which impact significantly on pupils' achievement and well-being and to the Catholic Life of the school. The headteacher and acting deputy headteacher ensure that links are well established with other Catholic primary schools, the Diocese, the parish and local organisations to provide opportunities which enable pupils and staff to enjoy, achieve and develop well. The school has developed a wide range of international partners through the Comenius programme.

Leaders and managers' promotion of community cohesion is outstanding. The school is an inclusive community with a clear, shared vision and a strong sense of belonging. Leaders respect difference, value diversity and ensure equal opportunities for all. Many opportunities exist for pupils to engage and collaborate with each other through the school pastoral system and as a result they recognise, respect and celebrate differences and have a strong sense of the common good. The school has the International School Award. The school has established links in Uganda and holds events to aid local, national and international communities. Three pupils organised a series of fundraising activities to

support Palliative Care Northumbria, St Joseph's Care Home and St Oswald's Hospice. The school council is currently co-ordinating fundraising activities to raise money for the 5p Bus Project. This resulted from their visit to the Bus Project's Depot and the pupils created a very powerful presentation for the whole school.
